**SCHEHERAZADE 2 TIERS / art. 086 SH-2 / silk**

---

**assembly instructions / flush**

---

**LED | 1 x MAX 15W | E26 | 110-120V | 50-60 Hz**

---

ATTENTION: do not use abrasive products to clean this lamp but only a damp cloth.

---

Our creations may show slight imperfections due to the special handwork required on each piece. Variations are one of the features which make each of our products an original and unique item.

---

---

**WARNING:** the safety is guaranteed only with appropriate use of these instructions, which must be kept for future reference. We recommend the installation by qualified personnel.

---

## GENERAL:

- Read all instructions and review diagrams beginning with the installation of the fixture.
- All electrical connections must be in accordance with local codes, ordinances or national codes. If you are unfamiliar with methods of electrical wiring, secure the services of a qualified licensed electrician.

## BEFORE BEGINNING INSTALLATION:

- Turn off the electricity to the outlet box at the circuit breaker or fuse box.
- If you are replacing an existing fixture, remove the old fixture and expose the supply wiring.
- Remove the old cross bar.

## ELECTRICAL CONNECTIONS:

- While supporting the fixture, connect the white wire from the fixture to the white or marked wire of the supply circuit.
- Connect the black fixture to the black supply wire. Connect the ground wire - bare copper wire - to the ground conductor of the supply circuit. Secure with UL listed wire connectors suitable for the size, type and number of wires. Make sure that there are no loose strands of wire and that there are no loose connections.
- Spread the electrical wire connections apart and back into the outlet box.

## INSTALLING FIXTURE:

1. Before starting the installation, disconnect the power by turning off the circuit breaker.
2. Attach the cross bar **A** to the outlet box using the outlet box screws.
3. Make the electrical connections. Refer to the section titled Electrical Connections.

4. Lay the big disk over element **B**.

5. Insert element **C** and tighten the three screws on element **B**.

6. Place the element **B** over the cross bar **A** so that the threaded studs extend through the 3 holes.

7. To secure the element **B** against the mounting surface thread the 3 nuts provided onto the 3 pins.

8. Install bulb. Do not exceed the maximum wattage for this fixture.  
Refer to the wattage warning label attached to the fixture for maximum allowable wattage.

9. Screw the small disk **D** onto element **C**.

10. Connect the two disks using the set of cords provided (see next page).

11. Restore the electricity and test.

Connect the medium disk with small disk using the set of cords provided.

To attach medium disk to small disk, pass the cord through the pearls following the path of the arrows ( - - - ) and then make a knot.

#### CLEANING AND MAINTENANCE

The decoration is **handmade**.

Never use sharp tools, rings, or other objects when installing or cleaning the lamp, as they may irreparably damage it.

Remove dust gently with soft brush only.

FORTVNY SCHEHERAZADE silk 2-tier with metal ring is made by highly skilled artisans with quality inspections made in all the phases of production.

Every lamp, no matter how similar it may look to another, is completely unique. No two pieces are identical.

The decoration is carefully checked. Marks are not to be considered defects, but rather features that make each lamp unique and authentic and proof of high quality craftsmanship.

#### CARE INSTRUCTIONS

Do not use polishes or cleaners on the fixture.

Wipe clean with a soft, dry cloth.
